

Since the year 2000, Gigaoptics GmbH has been a competent partner and technology leader in the international photonics industry for solutions in the fields of femtosecond laser technology and ultrafast optical measurement systems. To strengthen our **sales team** and increase our market share with a continuously growing portfolio, we seek to employ a

Sales Manager

for the territories of Germany, Austria, and Switzerland

Gigaoptics is an equal opportunities employer. We value professional excellence, integrity, diversity in the workplace and foster an open and collaborative working environment.

You have...

a Bachelor's or Master's degree in Physics or Engineering or a similar degree with a focus on optical technologies. You have a proven ability to sell photonics equipment into a variety of markets including academic, scientific and OEM with a minimum sales target of €0.5M per annum. You are highly motivated to generate sales leads, plan and arrange sales appointments with existing and potential customers, plan and attend exhibitions, and travel extensively, mostly within the sales region. You are an exceptionally flexible and team-oriented individual with a pronounced customer awareness.

We offer...

a truly exciting opportunity for a dynamic and ambitious sales executive with a track record of success to further advance their career in a successful international business, a highly competitive salary package and the opportunity to make a direct and significant contribution to the success and sustainable growth of the company.

If you feel you can contribute to our success, please send us your CV (resumé) along with your expectations for a remuneration package to personnel@gigaoptics.com or by post to
